GROOM ONLY MEMBER GENERAL

Your pet's safety is important to us because we care about your pet's safety, we assure you that every precaution is taken to provide a safe and stress-free grooming experience for your pet.

Pets with matted coats need extra attention during the grooming process. If your pet is severely tangled or matted, there is a greater risk of injury, stress or trauma. Parent understands that while unlikely, problems occasionally arise during or after grooming in these circumstances.

Parents understand that skin under a matted coat may be very irritated and sensitive or may become so. A severely tangled or matted coat that has not been properly groomed is a dangerous health risk. Under the matted coat a pet's skin is usually red, swollen, cracked and dangerous to groom. Parent assumes full financial responsibility for any and all expenses for their pet related to such skin problems associated with or stemming from their pet's matted coat.

Parents understand that parasites may be harboring in their pet's matted coat. A topical or oral flea treatment may be required before grooming services begin. Special shampoo may be used to alleviate parasites. Treatment of the Parent's home is suggested to remove parasites from the pet's environment. Parents understand that, while bathing and grooming will remove parasites, their pet will become infested again when returned to the home environment if it has not been treated.

It is expressly agreed by the Parents that, unless iLuckyDog has been grossly negligent or has willfully mistreated the pet, Parents agree not to hold iLuckyDog responsible for accident or injury to pet during grooming or for skin irritations that pet may experience after grooming. I certify that I have read and understand the policies of iLuckyDog set forth in this agreement and I agree to abide by these policies and accept all the terms of this agreement.

Occasionally, grooming may expose a hidden medical problem or aggravate a current one. Parents understand and agree that if their pet(s) become ill or injured, or if the state of the pet(s) health otherwise requires professional medical attention, in each case, in the reasonable judgment of iLuckyDog, iLuckyDog, in its sole discretion, may engage, but shall not be obligated to engage, the service of a veterinarian, administer prescribed medicine or give other prescribed attention to the pet(s), and the expenses thereof shall be paid by the pet parent.

All pets are checked thoroughly for fleas and ticks before entering the Campus. If any are found, iLuckyDog will treat the pet(s) immediately, at the pet parent's expense. The Parents assume full financial responsibility for any and all expenses involved in such treatment.

The Parents understand and agree that in admitting their pet(s) for grooming services, iLuckyDog has relied on their representation that their pet(s) are in good health and have not been ill with any communicable condition in the last 30 days. iLuckyDog reserves the right to refuse any services at any time. In the event that your pet(s) are too stressed or become dangerous to groom, iLuckyDog has the right to refuse grooming services, stop services, or cancel services at any time before, during, or after such services begin.

The Parent certifies that their pet(s) have not harmed or shown aggression or threatening behavior towards any person or other pets. Failure to disclose that your pet is a known biter or is dangerous may cause serious harm to our staff or to other pets. Pets that are known biters or are aggressive must be handled differently than those who are not aggressive. Parents will be responsible for all payments of any and all of the medical expenses, emergency medical treatments, hospital costs and recovery costs including physical therapy, incurred by any person employed by iLuckyDog for any bites, harm or damage, caused by your pet(s) should medical treatment be necessary.

Some pets may require muzzling during part or all of the grooming process. Muzzling is only done when necessary to ensure the safety of both the pet and the groomer and it will not harm your pet(s). Muzzling may calm a stressed pet, allowing the grooming process to continue. If a muzzled pet continues to act in a way that is dangerous, iLuckyDog has the right to stop the grooming services at any time.

Parents agree that any photographic images of their pet(s) taken during his or her grooming visit may be posted on the iLuckyDog website, social media or other marketing materials for public distribution, without prior authorization.

MEDICAL

Emergencies

While your pet is in the care of iLuckyDog and if a medical emergency arises, iLuckyDog is authorized to do whatever is deemed necessary for the health, safety and well-being of your pet and you agree to be responsible for any expenses incurred. In the event that your pet requires emergency attention, you or your emergency contact, will be notified immediately and given a detailed update on the status. However, you acknowledge that it may be necessary for immediate decisions to be made and you authorize iLuckyDog to take your pet for emergency treatment, if and when, in its sole discretion, iLuckyDog deems necessary. All and any expense incurred for the necessary treatment for the well-being of your pet is you the Parent's responsibility.
